Avg. Shelf Life

100% Traceability

Complete batch tracking from verified cultivation zones to vessel dock, validated by trade certifications.

95% Nutrient Retention

Specialized low-temperature dehydration and freeze-drying loops that lock in vitamins, colors, and aromas.

A+ Export Grade Packing

Heavy-duty moisture-barrier packaging with multi-walled Kraft cartons lined with food-grade HDPE layers.

Why Origin Vistas?

Direct Farm Sourcing

We work directly with verified cultivation zones across India — no middlemen, no compromises. Every ingredient is traceable back to its source farm, harvest season, and processing batch.

Clean Label Certified

Zero preservatives. Zero artificial additives. Every SKU is tested against EU, US FDA, and FSSAI thresholds — giving your formulations a clean, compliant foundation.

Global Logistics Ready

From Mumbai to your destination port — we handle phytosanitary documentation, customs compliance, and consolidated container coordination across 30+ export markets.

From the Farm. Into Your Formula.

Nature's most nutrient-dense produce — sun-ripened, cold-processed, and precision-dried to lock in every vitamin, pigment, and flavor compound. Built for food manufacturers, nutraceutical formulators, and specialty distributors who demand clean, consistent ingredients.

Dehydrated Fruit Powders

Low-temperature processing locks in natural sugars, vitamins, and vibrant color.

- Banana · Guava · Pomegranate · Mango · Pineapple · Coconut · Jaggery Powder
- Packed in 20kg Kraft cartons with LDPE seals
- Moisture <7%

Dehydrated Vegetable Powders

Bold color, natural flavor, and functional nutrition for pasta bases, seasonings, soups, and snack coatings.

- Onion (Red, White, Green) · Garlic · Tomato · Beetroot · Spinach · Ginger
- Moisture <7%

Freeze-Dried Herbs

Lyophilized at peak harvest to lock in essential oils, vivid color, and aromatic intensity.

- Chives · Oregano · Basil · Mint · Fenugreek · Parsley · Rosemary · Thyme
- Moisture <5%

Global Sourcing Portfolio — Botanicals, Spices & Superfoods

Ancient Ayurvedic roots, bold Indian spices, and functional supergrains — wild-harvested and organically cultivated for nutraceutical, cosmetic, and specialty food applications worldwide.

Ayurvedic Botanicals & Plant Actives

Wild-harvested and organic selections optimized for supplement manufacturing and cosmetic formulation. Tested against heavy metals & pesticides per EU and US FDA thresholds.

- Ashwagandha Root · Shatavari Root · Moringa Leaf · Amla · Brahmi · Wheatgrass · Psyllium Husk (Isabgol)

Traditional Indian Spices

Bold, potent flavor harvests processed in controlled environments to prevent natural oil evaporation. Curcumin content verified per batch.

- Curcumin-Rich Turmeric · Cumin · Black Pepper · Green Cardamom · Cinnamon Bark · Red Chilli Flakes/Powder

Functional Superfoods

Gluten-free ancient grains rich in dietary fiber, omega-3, and micronutrients — for health-conscious food distributors worldwide.

- Millets (Foxtail, Finger, Pearl) · Foxnuts (Makhana) · Flax Seeds · Chia Seeds

Technical Specifications & Quality Certifications

Every batch leaving our processing lines meets internationally benchmarked parameters — ensuring your formulations, blending lines, and regulatory submissions are fully supported from day one.

Parameter	Standard Value	Purpose
Moisture (Freeze-Dried)	Under 5.0%	Inhibits microbial growth, optimizes shelf life
Moisture (Dehydrated)	Under 7.0%	Preserves flow, prevents caking
Custom Granulometry	40–120 Mesh	Tailored for blending machinery lines
Preservatives & Additives	Zero (0%)	100% natural, clean label distribution
Average Shelf Life	12–24 Months	Retained under cold, dry storage conditions

Built for Global Transit

Every product ships in food-grade, multi-layer Kraft cartons with HDPE inner liners — engineered to survive long-haul ocean freight without compromising quality. Choose from 5kg, 10kg, 20kg, or 25kg configurations. Private-label packaging available on MOQ. Vacuum-sealed formats for botanicals and herbs ensure zero moisture ingress from warehouse to destination port.

Minimum Order Quantities

Standard MOQ: 100kg per SKU. Bulk orders: 500kg+ attract preferential pricing. Sample orders: 500g–1kg available for qualified buyers. Custom blends and formulations available on request.
